Ph.D. - Wildlife Management: Change the name of the degree to Wildlife Biology and Conservation to be consistent with names for the BS and MS degree programs; and delete the concentration in Wildlife Biology under the Ph.D. in Biological Sciences. It was asserted that the Ph.D. in Wildlife Management was never formally deleted when a concentration of Wildlife Biology was created under the Ph.D. of Biological Sciences; so the proposal aimed to reactivate and rename the Ph.D. in Wildlife Management to Wildlife Biology and Conservation. Proposal included historical backup documentation for actions. DISAPPROVED due to 1991 BOR action deleting program.	Graduate Academic & Advisory Committee approved 11/22/2011.  Provost disapproved: 1991 BOR minutes confirmed the earlier program had been deleted when the Biological Sciences Ph.D. program was created. Tracking #: 11-GPCh.	!
