III. **Old business**

- A. **GERC and “C”** – GERC has not met yet this semester, but Leah tells me this is the first task they have before them.
- B. **Email from GERC Chair to Dean CLA** – GERC has not yet met; they plan to discuss possible ways of creating buckets at a future meeting
- C. **Statewide Gen Ed committee updates** – UAF reps are Rainer Newberry, Leah Berman and Mary Ehrlander. Rainer can fill us in on any other information he has about the committee or its process.
- D. **Probation/disqualification policy** – still on hold, per Alex

E. AP, CLEP, IP testing motion – approved by Administrative Committee; not needed to go to full Senate for vote

Motion: to modify verbiage in the UAF catalog concerning how credit acquired from National exams can be used to satisfy UAF ‘core’ requirements.

see below—underlined statement to be added

CREDIT FOR NATIONAL EXAMS

There are several ways to earn college credit by receiving a passing score on a national exam. For any of the following exam options, grades are not computed in the UAF GPA. Credit received for exams is not considered UAF residence credit and is not considered to be part of the semester course load for classification as a full-time student. Credit is awarded to current or previously enrolled degree students at UAF. Rules that apply to transfer courses (including the Table of Substitutions) also apply to course credit received through a National Exam.

Clarification: these national exams include College-Level Examination Program (CLEP), College Board Advanced Placement Exams (CEEB), and International Baccalaureate (IB) exams]

Current table of substitutions with regards to ‘Perspectives’ courses

UAF course

qualifying substituting transfer course

Perspectives on the Human Condition	
-------------------------------------	--

HIST F100X--Modern World History	introductory courses in different social sciences
ECON/PS F100X--Political Economy	
ANTH/SOC F100X--Individual, Society and Culture	
ENGL/FL F200X--World Literatures	an introductory course in the humanities
ART/MUS/THR F200X, HUM F201X, ANS F202X--Aesthetic Appreciation	an introductory course in the arts which does not stress skills acquisition

Justification: It has been the traditional policy of the Registrar’s office to treat credit earned from national exams in the same way that it treats transfer credits. However, nowhere can a statement be found that indicates such is the case. Adding the underlined statement above will make that policy clear.

F. Teaching English to Speakers of Other Languages (TESOL) minor – approved by Ad Comm – moving to February faculty senate meeting

1. Update on Ad Comm discussion of budget situation in relation to this motion (and others brought forward)

MOTION:

The UAF Faculty Senate moves to approve a new minor in Teaching English to Speakers of Other Languages (TESOL), housed in the CLA Department of Linguistics.

Effective: Fall 2015

Rationale: This new minor will effectively prepare students for careers in English as a second language (ESL) teaching in the U.S. and abroad. See the program proposal #18-UNP on file in the Governance Office, 312B Signers' Hall.

[Removed from this agenda for brevity: “Overview” and “Relationship to Purposes of the University” sections quoted from the original proposal from Linguistics; they will be included with the motion to Faculty Senate]

G. Aerospace engineering minor update – Michael Hatfield is supposed to be sending me information in advance of our meeting on Monday, so I hope to have a handout which answers the specific questions we have about the proposal. I will send this around as soon as I get it and have copies for the meeting. He has agreed to come to a future meeting if we have additional questions or require more clarification.

IV. New business

A. Revisions to current bylaws

- Considerations for **All Senate Committees:**
 - A **standard format for all committee bylaws** with two sections: (1) a description of the committee’s charge and (2) rules related to membership, voting, etc.
 - Can committee **chairs vote**? According to Roberts’ Rule committee chairs generally do not vote, but considering the size and nature of our committees that may be neither necessary nor desirable.
 - What constitutes a **quorum**? Again, we need to consider the size of our committees.
 - Do we allow **electronic voting**? If so, under what circumstances and how should it be done.

- How do we want to **manage absences** by members? While most people come fairly regularly or all the time, some do not. This not only disrupts the work of the committee they are a member of but also makes activities reporting and workload assignments unfair.
- Similarly, some Fairbanks-based members only **attend by phone**, especially if they would have to go to the other side of campus. This makes committee work more difficult and sometimes less thorough, especially since members who attend by phone often “multi-task” and do not pay focused attention.
- Considerations for **Standing Committees**:
 - **Voting members** must be Senators or Alternates; can have non-voting ex-officio members.
 - Rules for **representation of units**? This is currently done for some committees (e.g., Unit Criteria). It would be very difficult to accomplish this for all permanent committees because some units are very small and individual Senators have personal preferences for committees.
 - Remove sections that are **instructions for stakeholders** rather than bylaws.
