## Memorandum

Date: October 7, 2016  
To: UA Provosts Henrichs, Gingerich, and Carey  
From: Daniel White, UA VPAAR (DW)  
Re: Concurrent Enrollment

This summer the Board of Regents voted in a new University policy on concurrent enrollment (see below). While there may not be a significant change in the number of concurrent enrollment students, we may see younger students in the classroom. We are still working on the implication of the new policy in the context of our admissions policy that contemplates “qualified students” and the protection of minors policy. UA General Counsel is assisting with how to address specific situations. Please be sure that faculty are aware of the policy change. If your faculty have questions, please let me know if I can be of assistance.

Thank you.

P10.05.015. Concurrent Enrollment.

Concurrent enrollment refers to enrollment at the university by a student who is simultaneously enrolled in a pre-postsecondary institution (or homeschool) for which the student may receive credit at both institutions. The university encourages concurrent enrollment. No additional restrictions on concurrent enrollment beyond those applicable to all students, or to avoid violations of law or ensure informed consent by a parent or legal guardian (including financial obligations), shall be allowed.
