Joy will be out during last week of November for mentoring conference at University of New Mexico.

Joy is facilitating a Faculty Learning Community (FLC) centered around book "Advice for New Faculty Members" (Boice)

Joy will be serving as a Fulbright Fellow in Taiwan then off-contract...basically gone from Thanksgiving to February.

CLA eLearning Push

Gerri notes that CLA faculty (not sure of scope) have been "given an e-learning course development" on top of their normal workload. This was added/done after workloads had been assigned (penciled in).

Joy will try to discuss with Todd and possibly facilitate some kind of development for CLA faculty.

Chris will work on communication with Todd to offer support.
