Meeting began at 4:03.

Petition #1: student under 13-14 catalog wanted to use a D in MATH 103 to satisfy a core requirement. Petition was denied.

New course proposals for Core:

1. A new course Math 110 (precalculus) has been submitted and wants to satisfy the math requirement for Core. This was **approved**.
2. Elementary Education wants to remove a W from ED 412 and put both a W and an O on ED 486 (Media Literacy).

The committee has no problem removing the W from ED 412 but opted to wait until we've dealt with ED 486. **Tabled.**

The committee had concerns about the specific distribution of assessments in the ED 486 syllabus vis a vis the proportion of O and W material precisely, in conjunction with the O and W listed guidelines. Brian agreed to follow up. **Tabled.**

3. Alaska Native Studies proposed that ANS 101 receive an X designation. The form didn't explain why/what for/what category. Leah had emailed the faculty contact prior to the meeting, but apparently the faculty contact is no longer employed at UAF. (?) Tyson agreed to follow up. **Tabled.**

Meeting adjourned at 4:36.
