

Chancellor's Diversity Action Committee meeting for 2/29/2012

- Per Chancellor's recommendation, CDAC is currently reviewing membership selection criteria — who, how many, and how selected. Waiting on further input from Mae Marsh.
- Discussed data request from PAIR. The *Sixty-Seven Percent Satisfaction: Analysis of the Online Campus Climate Survey* was published online on CDAC's website. While the study analyzes perceptions of diversity on campus, actual diversity on campus must be reconciled with this study before recommendations to the Chancellor can be made.
- Discussed the selection process for new 2012-2013 Co-Chairs.
