Shopping for the holidays?
How about shopping for health care?

A colonoscopy could cost $920 or $8,750!*

An MRI could cost $300 or $8,150!*

An X-ray could cost $90 or $1,700!*

Prices vary! Call Patient Care at least 7 days before you schedule any elective health care test or procedure.

Your Advocate will research cost and quality for up to three providers and send you an easy-to-read report.

Virtual care

Get access to medical care anytime anywhere

When your plan starts, you can use Teladoc® to talk to a doctor anytime anywhere in the United States.* You usually pay $40 or less for a consultation (health plan deductible and office visit copays and coinsurance apply).

Teladoc does not replace your family doctor or primary care physician. It’s an affordable alternative to costly urgent care and ER visits when you need care now. Teladoc doctors can treat many medical conditions, including cold and flu symptoms, allergies, bronchitis, urinary tract infections, and more.

Getting started with Teladoc

Teladoc’s U.S. board-certified doctors are available to resolve many of your medical issues through phone or video consults.* When your plan starts, set up your account so when you need urgent care, a Teladoc doctor is just a call or click away.

Set up your account

It’s quick and easy online. Visit teladoc.com/premeraAK, click “Set up account” and provide the required information. You can also call Teladoc at 855.332.4059 for assistance.

Request a consult

Once your account is set up, request a consult anytime you need care.

Provide medical history

Your medical history provides Teladoc doctors with the information they need to make an accurate diagnosis.

**ONLINE:** Log into teladoc.com/premeraAK and click “My Medical History”.

**MOBILE APP:** Log into your account and complete the “My Health Record” section. Visit teladoc.com/mobile to download the app.

**PHONE:** Call Teladoc at 855.332.4059 for help with completing your medical history over the phone.

* Teladoc operates subject to state regulation and may not be available in certain states. Teladoc phone consultations are available 24 hours a day, 7 days a week; video consultations are available 7 a.m. to 9 p.m., 7 days a week.

Teladoc® is an independent company that provides virtual medical care services on behalf of Premera Blue Cross Blue Shield of Alaska. Teladoc does not replace the primary care physician. Teladoc does not guarantee that a prescription will be written. Teladoc does not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. Teladoc physicians reserve the right to deny care for potential misuse of services.
“I would still be fighting if it wasn’t for Patient Care.” Dan, a Patient Care member, felt like a weight was lifted from his shoulders after one year of enduring what was one of the most painful experiences of his life – not recovering from hip surgery, but recovering from the surprise $19,000 bill he received after it.

Bounced between different hospital departments, staff members, and even a committee, Dan was ready to give up. “The stack of bills was ridiculous and no one was taking ownership,” said Dan. This went on for one year before his insurance company turned Dan’s case over to Patient Care. “How does Patient Care work?” Dan asked.

He found out right away when a Patient Care Advocate, Sally, called him, asked him a few questions, and told him she would get back to him soon. Within one month, Sally had resolved Dan’s case. Dan now owed his expected $2,800 to the hospital for his in-patient hip surgery.

“I felt like someone was finally standing up for me,” said Dan. “With Patient Care, I had someone on my side – they took everything off my plate.”
Sometimes going the distance is more than worth it

MEDICAL TRAVEL SUPPORT EXPANDED ACCESS

If you’re looking for a way to control medical costs and gain broader access to quality medical care, consider the Medical Travel Support Expanded Access program.

It can be difficult to find affordable care

Medical Travel Support Expanded Access pays you back for approved travel costs when you travel for an eligible medical procedure to any in-network hospital or surgical center outside Alaska. Because the price of medical care is likely to be lower outside Alaska, your share of the medical costs will most likely be lower, too.

The most expensive healthcare is not always the best

Our goal is to balance positive outcomes with reduced costs. Customers using Medical Travel Support Expanded Access may select any in-network Blue Cross Blue Shield inpatient or outpatient facility for qualified procedures.

1Travel within Alaska to Providence Anchorage is also currently permitted.
There are many eligible procedures

Hundreds of inpatient and outpatient procedures are eligible for Medical Travel Support Expanded Access when covered by the health plan. This benefit provides medical travel support for any procedure not on the exclusion list. All deductibles and cost shares are subject to the existing health plan.

The primary condition for participation is safety

Safety comes first. So the decision to travel must be made by the patient and their doctor. Before any procedure, consult with your doctor. Following the procedure, the doctor will determine when it’s safe for you to travel home.

We help arrange your travel

Our travel partners can make air and ground travel and lodging reservations—for you and a companion. Travel expenses, such as round-trip airfare, all surface transportation and lodging, are partially covered for the patient and their traveling companion. All travel expenses are subject to IRS guidelines.

Before you travel

- Find out if your procedure needs a prior authorization
- Confirm that your procedure is medically necessary
- Get pre-approval to use Medical Travel Support
- Remember, medical care is subject to your plan’s copays, coinsurance, and deductible

For more information, contact Customer Service at 800-364-2982.

Discrimination is Against the Law
Premera Blue Cross Blue Shield of Alaska complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

Getting Help in Other Languages
