

2023-2024 Mentor Award Request for Proposals (RFP)

Description:

Faculty, research staff, staff, and graduate students from all UAF-affiliated campuses are invited to apply for an URSA Mentor Award of up to \$6,000. This award is an opportunity for mentors to receive funding to engage undergraduate students on their current research and creative projects. Awarded proposals will clearly describe a project with a distinguished mentoring plan for undergraduate students involved.

- The funding limit for this RFP is \$6,000
- Applicants are required to identify at least one eligible undergraduate student upon awarding.
- Funds may be used towards an undergraduate student fellowship, undergraduate student tuition (up to 4 credits for a course related to the project), travel to a fieldwork location, supplies, or services.
- Funds must be spent by June 15, 2024.
- Applications will open July 31, 2023 and close September 10, 2023 at 11:59pm.
- Awardees will be notified via email on October 2, 2023.

Mentor Eligibility

- Faculty, post-doctoral researchers, graduate students, and staff may apply and serve as URSA mentors. Regardless of applicant status, the project must support undergraduate learning.
- Applicants may only receive an URSA Mentor Award two out of every three years. This policy allows for a greater number of students to receive awards with limited URSA funds.
- Applicants may only submit one proposal for each request for proposal (RFP).

Student Eligibility:

- Students in any year of study, any discipline and any UAF campus with at least 24 completed UA credits are eligible to apply.
- Students must be degree seeking and taking at least 3 credits during the Fall and Spring semester of the award term.
- Cumulative GPA of 2.3 or better (students on probation are not eligible).
- Students that have graduated are not eligible to participate.
- Students MAY NOT receive funding from URSA and another source (such as BLaST or INBRE) during the same semester. This is to allow the maximum number of students to receive funding during a given term.

Criteria For Selection:

Evaluations are made by a minimum of four faculty members on the URSA Faculty Review Board using the scoring criteria detailed below.

Each of the following are evaluated on a scale from 1 (high/exemplary) to 5 (low/insufficient):

- Is the purpose of the proposed expenditure...
 - To support/create a multi-student, repeating, research opportunity for undergraduates

- To support/create a one-time multiple student research opportunity for undergraduates
- To support one student, one time
- Not clearly expressed
- The explanation of the significance of the proposed project/travel
- The potential for the proposed project or travel to make a scholarly contribution to an academic discipline
- The potential for the proposed project or travel to effect (bring about) an improvement in higher education at UAF and beyond
- The written quality (mechanics and writing) of the proposal
- The applicant articulates clear goals and/or expected student learning outcomes of the project or travel.
- The applicant, through articulate writing and inclusion of detail, makes a compelling case for funding the project or travel.
- The applicant articulates a clear mentoring plan.
- The applicant proposes an appropriate budget for the proposed project.

Selections will be made by the URSA Review Panel and the URSA Director. Reviewers are from all disciplines - be sure to write for a general audience!
