## Description of Tuition and Fees in the UAF/CSU Veterinary Medicine Program Academic Year 2025-2026

### Paid to **CSU**

- **Tuition**
- **DVM Facilities Use Fee: \$500.50/semester**
  - Fee established through Colorado legislation that covers technology costs associated with running the program.

### Paid to **UAF**

- **Course Fees: vary**
  - Some courses require special equipment, supplies, or services and charge a materials fee in addition to tuition.
- **UA Infrastructure Fee: \$19/credit**
  - The UA infrastructure fee is assessed to all students to address the capital investment for university facilities and infrastructure. This includes, but is not limited to, academic equipment, capital refresh, and support. It also covers rapidly rising costs in the maintenance and enhancement of university-wide technology infrastructure. The infrastructure supports physical and virtual operations, maintenance, and construction that modernize university facilities, student living and learning spaces, and technology systems that enhance the university-wide academic experience.
- **Consolidated Fee: \$56/credit**
  - The non-refundable consolidated fee provides students access to various services that enhance their educational experience beyond the classroom and ensures the continuation and expansion of critical university-wide services for all students. The consolidated fee paid by each student supports these specific services: student government, student health and counseling center, student recreation center, support for online and distance learning, student sustainability, student activities and services, libraries and digital resources, technology, and transportation and related infrastructure. **The consolidated fee is mandatory and cannot be negotiated, waived or reduced.**
  - Detailed list of services provided by the Consolidated Fee:
    - **Academic Tutoring and Peer Academic Coaching**
      - Academic tutoring provides students with unlimited access to academic tutoring sessions across various subjects as well as unlimited, personalized academic support from trained peer coaches. These services are available throughout the year, in-person and online, to help students achieve their educational goals and excel in their studies.
    - **ASUAF**
      - The Associated Students of the University of Alaska Fairbanks represent student views and concerns to the university administration, University of Alaska Board of Regents and Alaska Legislature. ASUAF also partially funds the publication of the UAF student online newspaper, the Polaris News; the student-managed ASUAF Concert Board; KSUA, the student

radio station; and other media. Other services provided through ASUAF include a free half-hour attorney consultation, academic travel funding, subsidized student club activities, regular free coffee service and much more. Contact ASUAF at [907-474-7355](tel:907-474-7355) or visit the [ASUAF website](#).

▪ **Athletics**

- Provides admission to all home athletic competitions and live-streaming of Nanook sporting events. Admission will only be guaranteed until the start of each event. The fee does not include postseason competition. For further details regarding event and ticket policies, visit the [Alaska Nanooks website](#).

▪ **Libraries and Digital Resources**

- Provides library services such as research assistance and instruction, online and digital resources, subscriptions for databases and journals, and improvements to library materials and spaces (physical and virtual) used by students.

▪ **Recreation**

- Provides membership to the Student Recreation Center (SRC), Patty ice arena, Patty pool, Outdoor Adventures and virtual recreation classes. The SRC is a comprehensive fitness facility with equipment, courts, track, group fitness, intramurals and a climbing wall. The Patty ice rink provides recreational ice skating sessions. The Patty pool provides lap swim sessions. Outdoor Adventures has discounted equipment rentals, trips and an outdoor rock/ice wall. Some extra programs have additional fees associated; consult Nanook Recreation staff for details. Anyone under the age of 18 using the SRC and its facilities must be accompanied by a parent or guardian whose minimum age is 21 unless they are a full-time UAF student. Call [907-474-5886](tel:907-474-5886) for more information.

▪ **Student Activities and Services**

- Supports Nanook traditions such as Starvation Gulch, Winter Carnival and SpringFest as well as student activities and student life programs that enhance the out-of-class experience of students, and will provide ongoing operational and capital funding for programs.

▪ **Student Arts and Production Access**

- The arts fee provides free student admission to all Music Department concerts, Theatre & Film Department productions and film screenings, and Art Department gallery openings. In addition to free admission for students, fee revenue supports safety compliance, equipment/technology towards a modern student experience and the safe operation of the specialized spaces within the Fine Arts Complex. UAF students have free admission to approximately 50 events each academic year.

▪ **Student Health and Counseling Center**

- Provides basic medical and counseling services, including telehealth and counseling, at the Student Health and Counseling Center on the Fairbanks campus. See the [Student Health and Counseling Center website](#) for more information or contact the Student Health and Counseling Center at [907-474-7043](tel:907-474-7043).

- **Student Sustainability**
  - Invests in energy-efficiency programs and renewable energy projects at UAF.
- **Summer Activity**
  - Supports student activities.
- **eCampus**
  - Funds go toward academic and advising support, online student resources, exam proctoring services, technology upgrades, and enhancements to course delivery.
- **Technology**
  - Supports technology initiatives including implementation of and access to UAF's wireless network, delivering university-licensed software to all students, increasing the number of technology-enabled classrooms and computing spaces, and expanding and improving online and self-service environments.
- **Transportation and Related Infrastructure**
  - Covers a portion of the costs of operating shuttle buses that provide transportation throughout campus and to various university facilities off campus, street and lot maintenance, snow removal, lighting and plug-ins.

(1) Charge will vary with the number of credit hours taken. The charge per credit starting at the 19th credit is decreased to \$15.00 per credit.

(2) Fourth-year DVM students are charged two semesters of full-time General Fees spread equally over the three semesters of the 4th year.

(3) Fourth-year DVM students are charged the University Technology Fee in the fall and spring semesters only; not in the summer semester.

(4) The \$1,001 per year Facilities Use Fee charged to non-state supported DVM students is spread equally over the three semesters of the fourth year.
